Finding your cookie back

Chocolate Chip Miniting

Materials
- Cookie ingredients
- Chocolate chips
- Baking sheet
- Parchment paper
- Mixing bowl
- Measuring cups
- Spatula

Procedure
1. Preheat the oven to 350°F.
2. In a large mixing bowl, combine the cookie ingredients.
3. Add the chocolate chips and stir until well combined.
4. Drop by tablespoonfuls onto a baking sheet lined with parchment paper.
5. Bake for 12-15 minutes or until golden brown.

Invention

-thinking about new ideas

Follow-up Suggestions

- Discuss the importance of innovation in science.
- Explore different types of chocolate.
- Create your own cookie recipe.

Application

- Use the concept of distribution to understand how chocolate is spread in a cookie.

Conclusion

Why did chocolate chips settle to the bottom of the cookie?
